- I. I have made arrangements with the Director of Public Safety, Agency for international Development, to show a film entitled "First Line of Defense" which was made by AID at the request of the Special Group (CI). It is a training film which depicts the joint planning and operation between the police and the Army and establishes the necessity for a determination of what level of violence they expect the police to control and at what point they have to go elsewhere for help.
- Z. The film will be shown at 10:30-11:15 on Thursday, 30 July in Room IE 74 and I plan on attending. Since the space is limited, it is suggested that year component limit its attendance to six people. If another showing is indicated, this can be agranged for a later date.
